THANKS.—Mr. S. C. Meredith, of Adams Express Company, has our daily thanks for Indianapolis papers.

Distracted Mexico.
Events indicate another invasion from the United States of the territory of Mexico, which, from its distractions within, is in an impotent condition to repel the forces that may be brought against her from without. Here has been a Government of revolutions for nearly fifty years. The first attempt at Independent Constitutional Government was in 1823, when the General and President, Don AGUSTIN ITURBIDE, was crowned Emperor by the title of AGUSTIN I. Soon a revolt was led off by SANTA ANNA, and the experiment of a monarchy having failed, the Independence of Mexico was declared anew in the establishment, in 1824, of a Federated Republic, General GUADALUPE VICTORIA, first President. In 1835, SANTA ANNA changed the Federal into a Central Republic.

The important revolt of Texas was successful in 1836, and the State was annexed to the United States in 1846. After a direct contest in war with this country, Mexico, by treaty of February, 1848, yielded to the United States New Mexico and Upper California, containing above five hundred and thirty thousand square miles of territory. Now another war impends, the results of which will be no doubt to slice off still greater portions of Northern Mexico.

Brownsville, Texas.
Brownsville was formerly Fort Brown, and named after Major Brown, commander of the garrison at that place, who was mortally wounded by a shell from the Mexican batteries, (May 6, 1846), while General TAYLOR was engaged in opening a communication with Point Isabel. Here it was "Old Rough and Ready" had pitched his camp previous to the commencement of hostilities between the United States and Mexico. This is a thriving town, capital of Cameron County, Texas, situated on the left bank of the Rio Grande, opposite Matamoros, forty miles from the mouth of the river. It has been considered one of the most extensive in its trade with Mexico, having facilities of steam navigation. Population eight thousand. Point Isabel is the port village and port of entry of Cameron County, on a point of land projecting into the Laguna del Madre, opposite an inlet called the Barra, or Barro Santiago, and about thirty miles East North-east of Brownsville. Here is a light-house and custom-house.

The latest news is that the town is safe, United States troops having arrived, and the chief officer of CORTINA has been lynched.

The Texan Frontier.
The Comanches, the Apaches, and other warlike tribes of Indians have at times kept the western and north-western portions of Texas in dread, making frequent incursions over the border, destroying property, murdering or carrying into captivity their defenseless victims and driving off their sheep and cattle. Now that a Mexican, the bold and daring CORTINA, with his band of desperadoes, has taken the savage's occupation, the United States has determined again to send its army of occupation over the Rio Grande. The first war arose out of disputes as to the boundary, Mexico claiming to the Nueces and the United States to the Rio Grande del Norte.

Colonel Helm, of Kentucky.
This distinguished General of the United States for Cuba, has returned to Havana, where he is to make his residence. He arrived on the De Soto, after a stormy passage from New Orleans.

A Sprig of Royalty at College.
His Highness, the Prince of Wales, has become a student at Oxford, England. The eldest son of an English Sovereign has to be instructed in Welsh and bear the title of Prince of Wales.

A CONSUMPTIVE LIFE
SAVED.—Consumption, primarily and essentially due to a disordered nutrition, can be rationally attacked only by a medicine which restores the nutritive powers. Such a medicine is the PERUVIAN SYRUP, which calms the morbid action directly and immediately on the blood and arrests the disease safely and surely.
A patient, J. C. L., was suffering with a severe catarrhal cough, accompanied by night-sweats, loss of appetite and great debility, which was daily increasing. In the state I commenced taking the Peruvian Syrup. In a few days, and before I had used the second bottle, my cough lessened, my appetite improved, and I was enabled to go to work with strength and vigor beyond what I had enjoyed for ten years, being able to walk several miles daily without fatigue, while hitherto I could walk only a short distance.

THE GREATEST WONDER OF THE AGE.—The only really efficacious article ever discovered for the cure of eruptive diseases of all kinds, an article that almost every person that uses it or has used it, that it is the KING OF ALL REMEDIES.
No one doubts its effectiveness. A strange, uncommon fact, not known in the history of any other article.
Palmer's Vegetable Cosmopolitan Lotion is the article referred to. From the slight prickly heat, to the most virulent, unclinging and distressing eruptive disease, its curative properties are made equally manifest.
Eruptions of the Face, Tetter, Ringworm, Barber's Itch, Scaly Itching, Irritating, or Pustular Eruptions of all kinds are cured by it.
The most flattering testimonials are pouring in from all quarters, its fame having spread over not only the whole Western country, but the East also.
Price 50 cents, or six bottles for \$2.50.

DODGE'S
PATENT IMPROVEMENT

GRATES AND STOVES!

Any Style of Grates can be Set or Reset with this Improvement.

WE ARE NOW PREPARED TO FILL orders rapidly, as we have a large force of good workmen.

Have your grates set with the patent before cold weather, or you will regret it. It is more economy to use your grates set in the old way, burning twice as much coal as you need, and not obtaining half as much heat as the patent gives. The patent will save your money by reducing the consumption of fuel. It will save your health, by giving you pure heat and plenty of it to make your rooms comfortable in all parts. It makes your home cheerful at a trifling cost, which is soon saved in fuel.

We have now a full supply of the Patent Stoves, plain and enameled.

Orders may be left at No. 20 West Fifth-street, or sent through mail.

County and State rights for sale on such terms as will pay five hundred per cent., without any risk.

J. B. RYAN & CO.,
Proprietors of Dodge's Patent.
J. BLAKELY, General Agent. 10111

CARD—WE REGRET HAVING DIS-APPOINTED so many during the past month in not being able to attend to their orders for "Dodge's Patent Improvement" in Grates and Stoves. Owing to the fact that the orders were much larger than we expected, and the inability of the manufacturer to keep up with the demand, it was impossible to avoid the disappointment. We hope this is a sufficient apology to satisfy those who may have been offended by recurrence of the name this season. Orders will be attended to from one to three days after they are received. Have your grates set before the holidays, or you will regret it. Not much comfort in a cold, cheerless house.

Proprietors of Dodge's Patent.

Glycerin of Roses.

THIS IS THE MOST ELEGANT AND effectual compound for the cure of Chapped Hands and Face, Sore Lips, and all roughness of the skin ever prepared. It is far superior to Cold Cream, Lotions, &c., and, as it never becomes rancid, it may be applied to the most delicate skin without impairing it in any particular, but, upon the contrary, it renders it soft, smooth and fair. Purified Benzine,
For Cleaning Glasses, and Removing Grease, Spots, Paint and Stains from Cloth, Silk, Velvet, Ribbons, Engravings, Papers, &c.

BENZINE, WHEN PROPERLY PRE-PARED, has been found by experience to surpass any thing ever invented for the above purposes: it cleanses and whitens, without injury either to the texture or the color of the article to which it is applied, a single trial is all that is required to convince the most suspicious of its value and properties. Each bottle is accompanied with full directions for its use. Prepared and for sale by
